Dear Mr. Codognotto,

I wish to inform you that your employment with the Motorcycle Riders' Association is terminated from this date.

The decision to terminate your employment has been made for the following reasons:

- 1). Your failure to attend your place of employment on a full-time basis since 19th Jan. '88 *M. Guthrie*
- 2). Your refusal to carry out your responsibilities as Office Supervisor, and to carry out the instructions of the State Secretary (as the CEP Steering Committee representative)
- 3). Your continued interference with the politics and administration of the MRA, despite repeated requests to the contrary.

Your dismissal will take effect as of today;- in lieu of notice you will be paid one week's wages as per award conditions.

Yours faithfully,

Margaret Guthrie. MRA(Vic) State Secretary.

Dear Mr. Codognotto,

please find attached a copy of your letter of termination. Please note that I have altered the date (and signed said alteration) from which you failed to attend the office.

This now reads "...since 19th Jan.'88", not the 12th, as originally typed. I apologise for this mistake, which was no doubt made, due to the difficulty I had in composing your letter of termination whilst you were arguing the merits of this action with me, thus disturbing my concentration somewhat.

As you have also pointed out, you are not employed on a full-time basis, but rather for a period of 33 hours per week. Nevertheless, you have failed to attend your place of employment for the required 33 hours per week, and thus this still stands as a reason for your dismissal.

Yours faithfully,

Margaret Guthrie  
MRA (Vic) State Secretary  
on behalf of the CEP Steering Committee
