**Acting President Marcel Gomperts Addressed the Meeting.** The past three weeks have been very difficult as we try to come to terms with the sudden death of our President Dr John Pigot. John took on the role of President at a time when no one else would. He accepted a difficult task in setting the direction for the MRA as various groups have different opinions on the MRA's future. John aimed to build the MRA into a coherent group. He recognized that the infighting which has gone on in the past prevents people from getting involved. Marcel asked all present to reflect on what John was trying to achieve and asked for a minute silence.

Marcel read a letter regarding VMAC. The letter suggested that we nominate one male and one female member as MRA representatives and the decision of who would be MRA Rep will be made out of these two. There was considerable discussion on this point. Members did not accept this feeling that it was up to us to choose the best person for the role from our membership.

Motion Michael Czajka to be the MRA rep on VMAC.

Moved Marcel Gomperts Seconded Damien Codognotto Carried

Marcel advised that he will respond to the letter in writing stating the MRA wishes.

The chairman did not call for reports to be accepted.

7 Future of the MRA. John had posed the question to members “Is the MRA “dead in the water” or does it have a viable future?” Marcel stated that the Government has put us back on top with the introduction of the \$50 levy. This is the best thing to happen to us. For years Damien and Michael have been fighting now with the threatened introduction of the levy we have recognition. The levy can be fought but it has sparked the interest of other Motorcycling organizations. They realize we must unite in order to fight this. We have been talking with the TAC and it has been very positive.

Damien has been invited to a meeting with the TAC and the company that did the research. Gray advertising were commissioned to do this research. They have prepared a document which we have been asked not to circulate. It is nothing ominous, it looks at advertising and is not related to the \$50.

The RACV who were mentioned as the administrator of the \$50 levy were not consulted or advised about this before the announcement.

The levy has played into our hands as both sides of the Government are now recognizing the need for safety initiatives.

Michael commented that what we now need to do is show the levy is not necessary to achieve this.

Detlef stated the benefit to the MRA is it gives us an opportunity to show leadership on the streets with protests.

Marcel advised it gives us the opportunity to work on having clubs align with us as associate members at a reduced rate. We could also use this to do a membership drive at reduced rates for one year then reverting to the standard rate. Marcel believes that under the constitution this must go before the AGM.

There was much discussion on “membership”.

Including that members join different organizations for different reasons. We could have organizations such as Ulysys endorse MRA to encourage their members to join.

Motion: The meeting endorse the board to look into a membership drive.

Moved Damien Codognotto      Seconded Aussie Sadler      Carried.

Detlef commented he was actually endorsing protests.

**4. MINUTES OF PREVIOUS MEETING:** - 23 February 2002. (vote as held over) Carried

### **8 ITEMS SUBMITTED**

8a. “That it be MRAA Inc. policy to make Elizabeth Street, Melbourne as the destination of the 25<sup>th</sup> annual Melbourne Toy Run even if the main collection site is in the Queen Victoria Market area” – submitted by Damien Codognotto OAM. Damien advised that this didn’t mean a major change and would support the 100 years of motorcycling in Elizabeth St. The stage could remain in Vic Market. Bikes would come down LaTrobe st. Damien stated he put in a complaint to the Police Commissioner regarding last years event. No event is perfect and the risks faced by the Toy Run are very real. It is imperative that the route be by LaTrobe street.

Marcel advised that Elizabeth St was used as parking last year and that it is not a good destination as traders are not open and have advised that they do not wish to open. People who did park there were not happy as it was too far from the stage at the market.

John Beckley stated that he didn’t believe MCC supported Elizabeth St as a final destination. The Vic Market site works and we already have a plan in place. Those who wish to go to Elizabeth St could walk down there. Why make waves for ourselves.

Marcel Smits commented that Motorcycles in Melbourne Committee have not expressed any feelings at all regarding the Toy Run.

John Karmouche felt that although we should support the historic precinct of Elizabeth Street we should keep the market as the destination for the Toy Run. Elizabeth Street is not viable for this event.

Damien advised that everyone was missing the point there were problems associated with the route.

Detlef raised a point of order. Item 8a mentions nothing about the route it talks only about the destination and only about the 25<sup>th</sup> annual Toy Run.

After further discussion Damien withdrew the motion and the meeting agreed to mention Elizabeth St in publicity for this years Toy Run.

8 b. “That the 25<sup>th</sup> Melbourne Toy Run be held on the traditional date, that is, the Sunday of the 2<sup>nd</sup> full weekend in December, Sunday, December 15<sup>th</sup> 2002” – Submitted by Damien Codognotto OAM. Damien stated this date was originally set so as not to clash with events such as Broadford. Damien stated that he has organized a tree at Daimaru for the 15<sup>th</sup>.

Lee O'Mahoney commented that this is the MRA Toy Run and should not be about fitting in with what individuals have organized. It is destructive and confusing to have individuals organizing separate activities without consultation.

Marcel advised that the 8<sup>th</sup> is a better date as more people are available and it give the charity more time to distribute toys prior to Christmas.

Damien withdrew the motion.

Motion: The second Sunday in December be the official date for the MRA Toy Run.

Moved Michael Czajka    Seconded John Beckley                      Carried

8c Damien withdrew the motion.

9 Items from the floor.

Has a returning officer been appointed? No. Kerri advised that in the past she has acted as returning officer however as her position is up for election this would not be appropriate. Detlef suggested that as long as someone was appointed before nominations are made this would be OK

Motion: Detlef be appointed returning officer.

Moved Marcel Smits    Seconded Damien Codognotto    Carried.

Netrider Protest: Sarah requested assistance with the western rally point for the protest scheduled for 31<sup>st</sup> this month. There will be two groups. One leaving Waverly Gardens and one leaving Airport West, at about 8.00am. The aim is to focus media and public attention on our concern at the \$50 levy.

TAC meeting. Michael advised he is meeting with the TAC regarding stats and would like someone else to attend. Georges expressed interest. Michael also commented that the Victorian Motorcycle Advisory Committee (VMAC) part of the Ministers Advisory Committee protested against the levy and the lack of consultation. The role of the Australian Co-alition of Motorcyclists(ACM) is to network with other groups and to share work and ideas. This is the number 1 pear rider group forAustralia.

Concern about slanderous emails. Lee expressed concern at some of the emails circulated by Damien that are slanderous to the MRA, the board and individual volunteers. She stated that it is very negative for the MRA and discourages people from becoming involved.

Damien demanded to see copies of offending emails at the meeting. Lee had not brought copies with her.

Sally McKerrow advised that as a recipient of some of these emails she supported what Lee was saying and stated that her reputation as the author of the Toy Run plan had been tarnished as a result of these actions. Sally went on further to state that she would withdraw permission to use the plan as a consequence of this.

Considerable heated discussion and debate took place.

Marcel suggested we need to focus on the removal of the \$50 levy.

Meeting closed at 3.40pm.
