Being a relative new member to the M.R.A. I thought that why belong to a association and not try and take some active role in it. This group is out there fighting for my rights so the least I should do is to support them with my subscription and attend the last Annual General Meeting.

Needless to say my first introduction to the running of the M.R.A. was at the last A.G.M. To run a election in such a way was verging on the ridiculous. There is no need for me to go over what was wrong with the whole procedure as I'm sure it has already been bought to all attention. A few remedies such a as proper voting ballot and a better scrunity over who is eligible to vote would be a step in the right direction.

I have a few friends who ride and don't belong to the M.R.A. and when we read about the M.R.A. last A.G.M. in Australia's largest motorcycle magazine (A.M.C.N) I cringe when I remember that I am trying to get them to join. We can't blame A.M.C.N for they reported as it was.

While on the subject of the A.M.C.N, why is it that our association is never mentioned in the M.R.A. page. I gather there is some bad blood in there somewhere and I would like to know if this is going to be a ongoing situation or maybe the situation can be recitified.

You have the chance to be not only the biggest but the best motorcyclist's lobby group in Australia so let's fix a few things up.

Anyway it's very easy for me to criticise and write letters but I do realise that it's you people out fighting for my rights and I sincerely appreciate it. Please find enclosed my renewal for the following year.
