**TOY RUN GIFTS.** Please remember the gifts that help needy children most are NOT fluffy toys. The best by far are kid's clothing, tinned food, games & books for youngsters under 15 years. Stuffed animals look great on your bike but health regs mean they have to be dry-cleaned (which costs heaps) before they can go into Santa's sack. That money could be spent feeding and clothing kids that may otherwise go without even the basic necessities at Christmas. Please think carefully about your Toy Run gift. Make it count.

**PARKING PROTEST - Sat., Dec. 17. \* 6am to NOON.** The MRAA has been trying to save footpath parking for a long time now. There have been meetings, letters and submissions. But the City of Melbourne is determined to overturn Victorian law via the Feds. One last try to gain a fair go is being attempted. We are trying for a meeting with City Commissioner Kevin Gosper. It is unlikely to help but we must try every avenue. Should it fail a PROTEST PARK TO RULE has been called. If we do not get the numbers the protest will look foolish and hurt the motorcycle community's case. So spread the word. Be in town as early as possible with a swag of coins for parking fees. Remember, this is the new national road law so it covers not only Vic but the whole continent. For a copy of the draft of the National Traffic Regulations call 03 321 8444. That's the National Road Transport Commission. In a letter from the Chief Exec., Neil Aplin, the MRAA was informed. "I can confirm that the draft is expected to be publicly available in December 1994 ...."

From classical suites of superbly proportioned rooms through to economy pension type (shared bath) are available. They are priced well below city hotels and most of the rooms have bay views.

### *A brief history of the Victoria*

The grand lady was built by a lady. Back in the 1880's the Beaconsfield Parade Beach front was becoming a popular health and pleasure resort. In 1887 construction began on the Kerferd Road Pier. The scope for a large hotel was abundant and a Mrs McGregor filled it with the "Victoria" sited strategically opposite the pier. She built a monument to the booming confidence and wealth of a colonial era. From the early 1950's till the beginning of the 1980's the hotel went into a period of decline. The Schütz family purchased the hotel in 1983 with the intention of transforming the building back to its original glory. After seven years of hard work, uncompromisingly thorough restorations and several million dollars, the Victoria is now the hotel it was many years ago, and it is thought of by many to be the number one of Melbourne's small hotels. The hotel is a significant South Melbourne landmark. It is one of the most intact nineteenth century hotels in the area and has been classified by Australia's National Trust.

# TOY RUN '94

NOVEMBER 1994

## GIFTS FOR NEEDY KIDS TWO WHEELS TOY RUN T-SHIRTS AUSTRALIA-WIDE

THE MRAA has organised some Toy Run T-shirts, featuring a design by Dirty Pierre, (shown at left) who has donated his work to help promote this year's events.

The T-shirts don't have a location or date on them, so they can be used to show interest in the Toy Runs across Australia. They are especially recommended to the smaller runs that may not have the budget to produce a T-shirt of their own. The cartoon is red and white. There's also a badge available.

You can order a T-shirt from the MRAA for \$20, a badge for \$10 and if you get in quick you'll have it before your toy run. Organisations that order ten or more badges or T-shirt get a 25 per cent discount.

Send your order to: MRA Australia, GPO Box 1933R, Melbourne 3001. The shirts are loose-fitting, but come in sizes S, M, L or huge. Don't forget to include \$5 postage for each order.
